HACKATHON BROCHURE

HACKED
3.0

28TH FEB - 1ST MAR

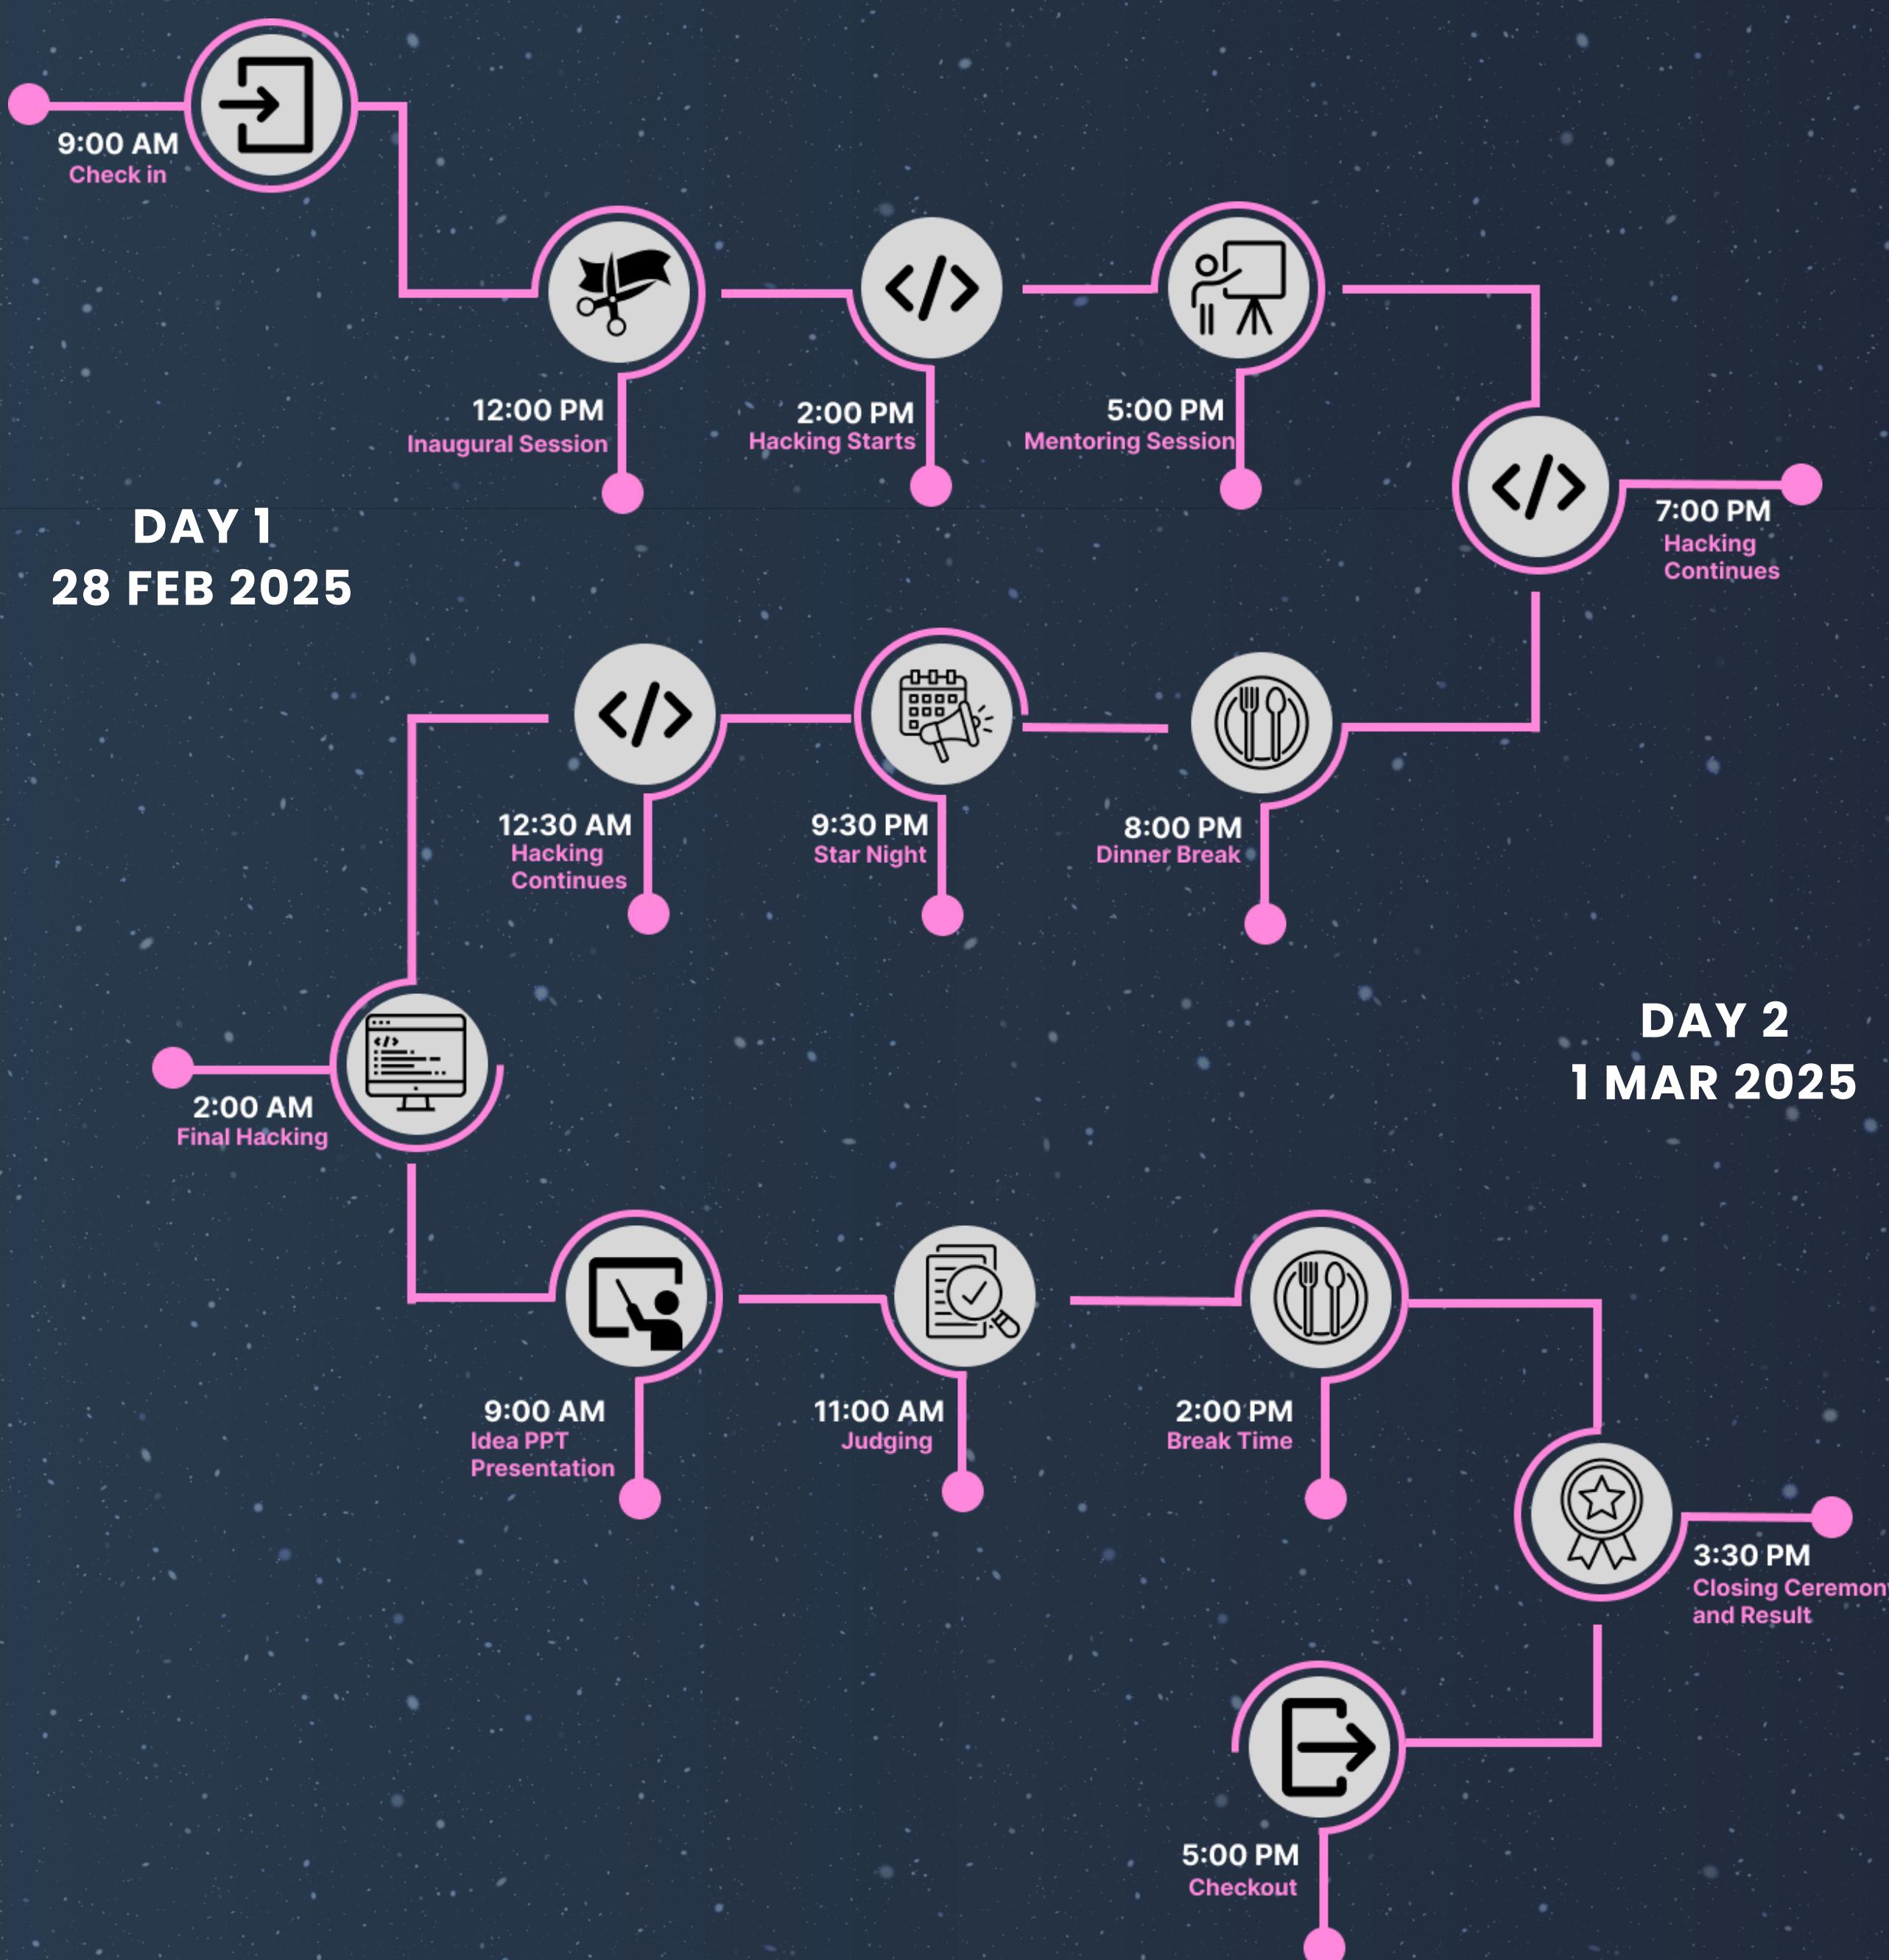

WHAT IS HACKED 3.0

The hackathon features an **OPEN THEME** allowing participants to choose their problem statement and build solutions aligned with their interests. Entries will be judged on:

- Originality: Freshness and uniqueness of the idea.
- Execution: How well the hack is implemented and user-friendly.
- Usefulness: Practicality and real-world application.
- Learning: Effort and learning showcased by the team

Participants at HACKED 3.0 have the flexibility to work on both **SOFTWARE** and **HARDWARE** projects. For software-based solutions, there are no restrictions, allowing teams to develop applications, web platforms, or data-driven solutions tailored to various industries and problems.

FLOW OF EVENTS

ABOUT THE EVENT

The hackathon will span for exciting 24-hours, packed with innovation, collaboration, brainstorming and learning:

Start Date: 28th February, 25

End Date: 1st March, 25

IMPORTANT POINTS

👉 *Registration Charges:*

Registration for the hackathon is completely FREE, making it accessible to everyone interested in participating.

👉 *Transportation:*

Transportation (pick-up and drop-off) from IFFCO Chowk Metro Station is fully arranged by the university, ensuring a smooth and hassle-free journey.

👉 *Food:*

Enjoy delicious meals during the event, including a midnight snack on Day 1 and breakfast on Day 2 to keep you energized and focused. Additionally, you are welcome to eat from the eateries on campus at your convenience, allowing you to explore various dining options throughout the event.

👉 *Accommodation:*

Comfortable accommodation is provided for all participants, so you can rest and recharge during the hackathon.

HOW TO REGISTER?

There are no registration fees for Hacked 3.0!

To register, visit our page on UNSTOP and follow the steps to secure your spot in the coolest hackathon of the year.
